## **EASEE-gas publishes MIG on Nomination and Matching Process**

(BRUSSELS, 23 October 2015) EASEE-gas, the European Association for the Streamlining of Energy Exchange – gas, is pleased with the publication of the Message Implementation Guidelines (MIG) on the Nomination and Matching Process at Interconnection Points (version 5.1) prepared by the EASEE-gas Message and Workflow Design Working Group.

The document can be downloaded on the Edig@s website:

<http://www.edigas.org/wp-content/Downloads/latest/nominationAndMatching.pdf>

The Message and Workflow Design Working Group revised the document following the Business Requirement Specifications (BRS) on the Nomination and Matching Processes, prepared by ENTSO G (European Network of Transmission System Operators for Gas). The document is now aligned with the Commission Regulation (EU) No 312/2014 (BAL Network Code), (EU) No 984/2013 (CAM Network Code) and (EU) No 703/2015 (Interoperability and Data Exchange Rules Network Code).

### **About EASEE-gas:**

*EASEE-gas (European Association for the Streamlining of Energy Exchange - gas) was set up in 2002 in order to develop and promote business practices to simplify and streamline both physical gas transfer and trading across Europe. EASEE-gas presently has 95 full members (companies active in the European gas market) and 30 associate members (industry associations, regulators, government agencies, etc). For more information, please visit [www.easee-gas.eu](http://www.easee-gas.eu) or contact the office in Brussels.*
