Subject: Explanatory notes accompanying CBP 2007-006/02  
"Harmonization of the Allocation information exchange".

**Summary**  
This explanatory note is about the Common Business Practice detailing a first set of recommendations for the part of the business which relates specifically to exchange quantities at Connection Points between involved parties.

**2007-06/02 - final**31 **About EASEE-gas**

32

33 <https://easee-gas.eu/about-easee-gas>

34

35

36 **1.1 APPLICATION AREA**

37

38 This CBP defines processes and principles which shall be applied between Allocation  
39 Responsible (AR), System Operator (SO) and Balance Responsible Party (BRP) for  
40 Connection Points (CP) on the transmission network.

41

42 This CBP describes procedures and principles about the Allocation process and does  
43 not exclude additional provisions between individual parties.

44

45

46 **1.2 HOW THE CBP "ALLOCATIONS" WAS DEVELOPED**

47

48 This CBP was originally published in 2007 and has been revised to reflect the  
49 evolution of the gas system in Europe which has quickly evolved in the past years,  
50 especially due to the publication of the Network Codes established by ENTSOG and  
51 approved by the European Commission.

52 The scope of the CBP is any quantity of gas attributed to a gas market party by  
53 another gas market party as an input or an off-take at connection points of the  
54 gas grid, based on the agreed allocation rules between parties. The diversity of  
55 connection points and gas market parties is large and this CBP gives a set of  
56 principles largely acceptable in the gas market for the largest number of parties  
57 involved in gas exchange at connection points.

58 This CBP also aligns its terminology with the most recent version of the  
59 Harmonisation Gas Role Model document and with the ENTSOG Glossary as used  
60 in the Network Codes, when possible.

61

62 **1.3. CHANGE AND RELEASE MANAGEMENT**

63 Comments can be given anytime to EASEE-gas directly, email [easee-gas@kellencompany.com](mailto:easee-gas@kellencompany.com). In the CBP section of the EASEE-gas website there is a  
64 link to the excel template for comments. EASEE-gas will collect the input and  
65 review it on regular basis. Depending on the numbers of comments, a new version  
66 will be initiated. A document change log is given in the end of the

67  
68 CBP 2007-006/02 "Harmonization of the Allocation information exchange".
